Alright! I'm finally going to get my first mission as a full fledged super hero!

Greetings! I'm here to
receive my mission and
save the city!

Huh? Oh... Okay, Mr. Bovine,
I think I have a mission here
that would be perfect for
someone of your caliber.

Excellent! What kind of mission will I have? Will I be fighting off an evil giant dinosaur trying to destroy the city?

Not exactly. Face Smasher, a member of the Skulls, is having his birthday party today.

Ah, and you want me to go there and arrest all of the gang members who attend his party.

No. I need you to go wish him a happy birthday, sing him the birthday song, and make him some balloon animals.

You gotta be kidding me!
Alright... how much money
will I be making for this
mission?

Well, the thing about that is...
we're kind of low on funds right
now so I'll only be able to pay
you with popcorn chicken

You have yourself a
deal!

This is stupid. I should be saving the city at least 3 times a day, not performing at some guy's birthday party

Meanwhile...

SODA MACHINE!

Yes, Master?

Battle Bovine is performing at a birthday party as we speak. I need you to sabotage it!

Yes, Master!

HAPPY BIRTHDAY,
FACE SMASHER!

PUNCH AND PIE
FOR EVERYBODY!

It is done, Master. Battle
Bovine will soon know your
wrath!

A couple hours later...

Battle Bovine, Face Smasher called me and told me what happened.

I can explain! There was this soda machine, and then all of a sudden the cake was on a red table cloth! Then I charged at the table! I'm a bull! I couldn't help myself!

Well, Face Smasher needs a machine to breathe now because of you. I'm sorry, Bovine, but you're fired.

Do I still get my
popcorn chicken?

No

NOOOOOOOOOO!
