# BAWVLE BOVINE

THE ONSET OF FRIESIAN  
**WINTER!**

He's behind me,  
ain't he..?

The Bovine Fortress...

I'm so bored! I haven't  
seen a single crime for  
days!

I've been patrolling the city for the last eight hours and there's still no crime! This is ridiculous! Where are all the bomb threats or the assassination attempts on congressmen or scientists being kidnapped or...

Giant snowmen attacking  
the city...

Yes! Giant snowmen attacking the city!

A screenshot from a video game showing a muscular, red-skinned devil character with horns and a tail, seen from behind. He is looking at a massive, white snowman that towers over the city buildings. The snowman has a small black top hat and blue eyes. The scene is set in a city at night, with buildings and streetlights visible in the background. A speech bubble from the devil character contains the text: "Okay, snowman! You picked the wrong bull to mess with! ...Oh wow, you look a lot bigger up close...".

Okay, snowman! You  
picked the wrong bull to  
mess with! ...Oh wow, you  
look a lot bigger up close...

Uh... Nice snowman... uh oh...  
Please be gentle...

Moments later...

Where am I?

Oh, freeze me to the side  
of a building, that's real  
mature, snowman!

Eight hours later...

Hey down there!  
Can you guys help  
me out?

Did you hear something?

Quiet, Frenchie. I'm trying to find some dinner.

A week later...

The Liberty League must have noticed that I'm gone by now. I bet they'll find me in no time at all.

Anyone see Battle  
Bovine lately?

Who cares?

Months  
later...

There you guys are! I've been frozen in a block of ice for the last couple months! Why didn't you come looking for me!

Who are  
you again?

Bovine, we wouldn't  
have time for anything  
if we just looked for you  
every time you randomly  
disappear.

If my legs get amputated  
because of this frost  
bite, I'm blaming you.
