# BATTLE-SIZE BOVINE

YOU CAN'T  
HANDLE THE  
TRUTH!

NEW!

COMBAT  
COW!

We join our hero as he is out patrolling the city...

Come on, guys. Not cool.

Excuse me, you're the  
hero known as Battle  
Bovine, correct?

Why, yes I am.

Yer money or yer  
life!

Hold on, the  
grown-ups are trying  
to talk, son.

Mr. Bovine, I'm here to inform you that you are being sued by Marble Comics for copyright infringement. We'll see you in court.

I really mean it, damn it. Give me your money.

No

Come on. I'll be your friend.

Go away

Dick

So apparently I'm a blatant rip-off of this "Combat Cow" character so Marble Comics is suing me. I don't have enough money for a lawyer, can you help me out, Boscoe?

Boscoe & Boscoe & Sons is big  
law firm. It gonna cost lots of  
money for Boscoe to represent  
Moomoo-man.

I'll pay you with  
corn dogs, Boscoe.

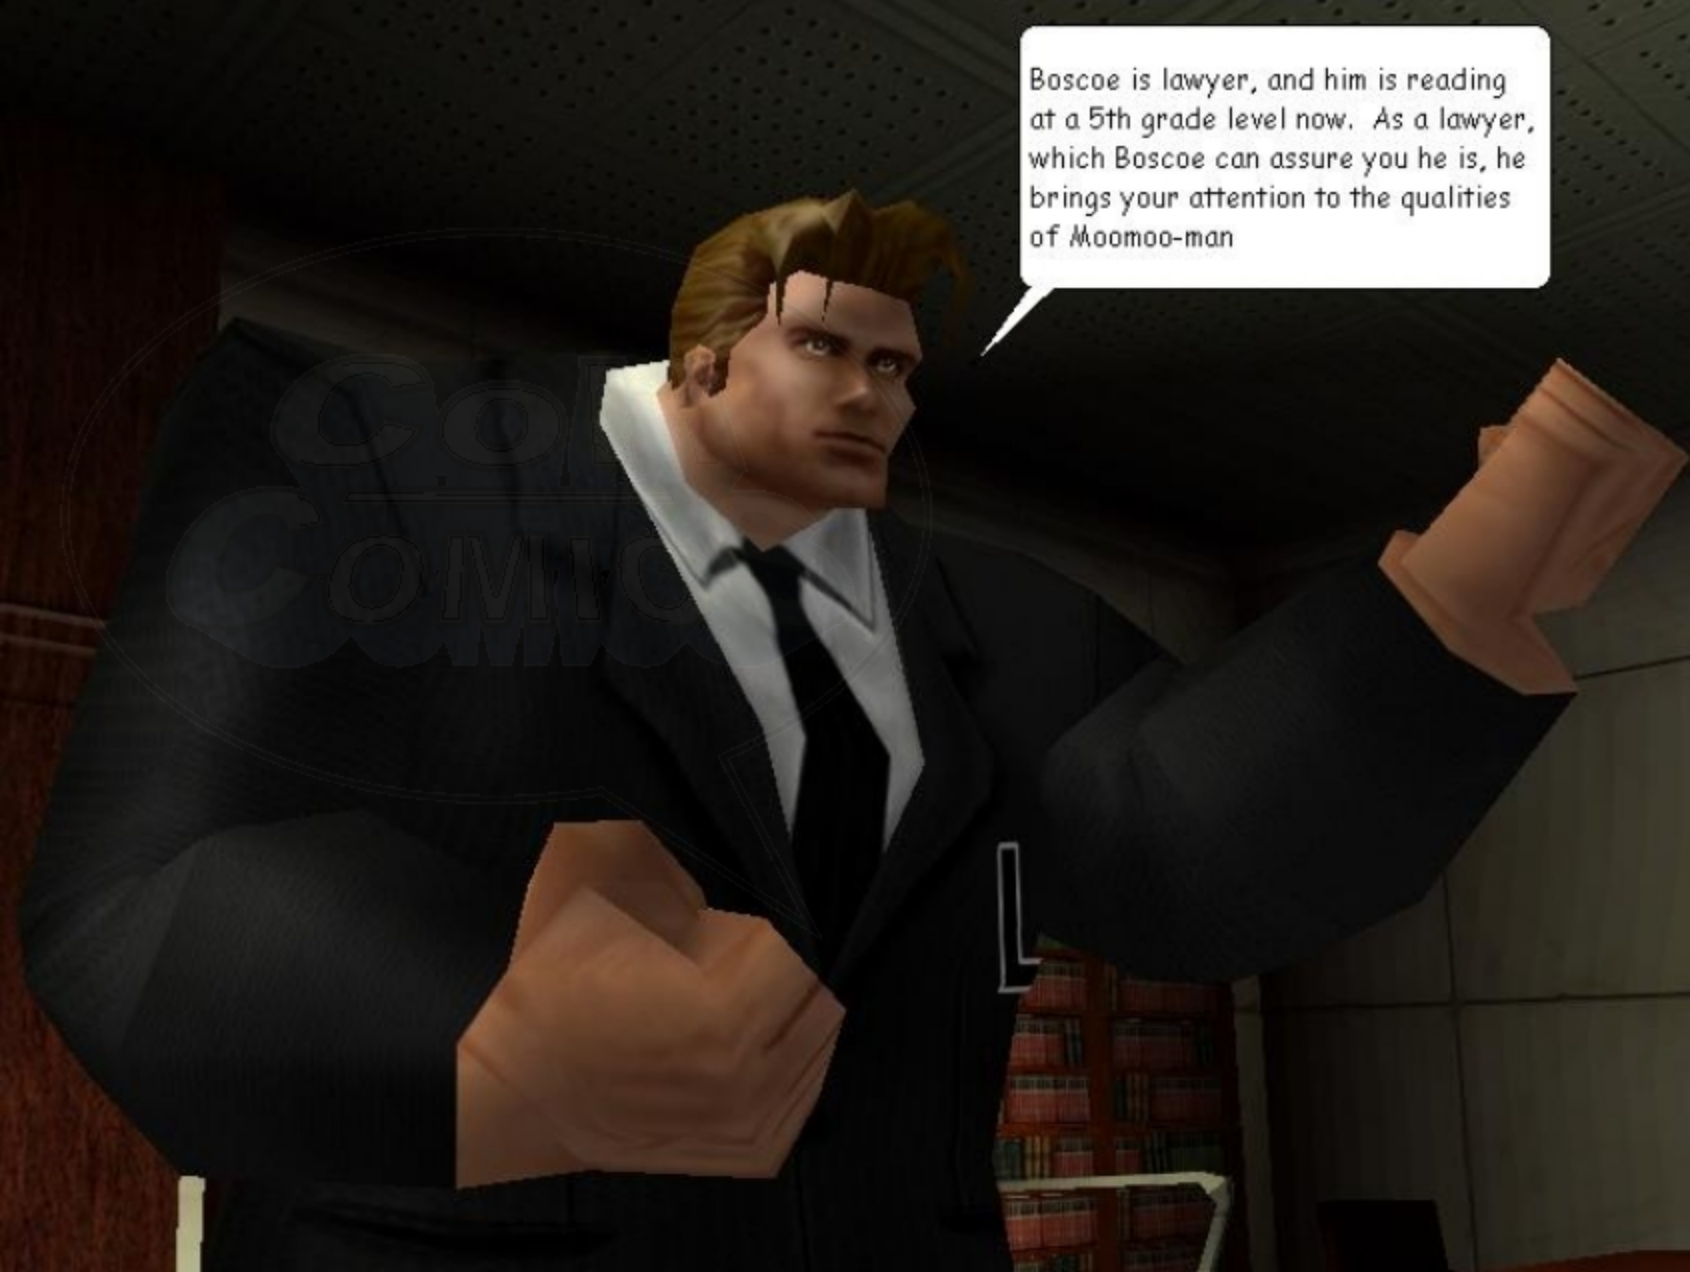

*BOSCOE TAKE  
THE CASE!*

Boscoe's client would never  
infringe on stupid copyright

Boscoe is lawyer, and him is reading at a 5th grade level now. As a lawyer, which Boscoe can assure you he is, he brings your attention to the qualities of Moomoo-man

A 3D rendered character, possibly from a video game, is shown from the chest up. He has a fair complexion, short brown hair styled upwards, and a serious expression. He is wearing a dark blue or black suit jacket over a white collared shirt and a dark tie. His right arm is extremely large and blocky, rendered in a light brown or tan color, and is raised high in the air. His left arm is also blocky but smaller, and is clenched into a fist. The background is dark and indistinct, suggesting an indoor setting. A large, faint watermark reading 'COMIC' is visible across the center of the image.

The Moomoo-man has a tail.  
Hims got big horns too. And  
he smells like a dumpster.  
Combat Cow has none of  
these. And also, Boscoe likes  
corn dogs.

In conclusion,  
Boscoe is lawyer.  
The defense rests.

Son of a...

Delicious

So Weevil is friends  
with Moomoo-man?

You got that right, Jack!  
Battle Bovine here is all  
original. He doesn't need to  
steal his ideas from this  
Combat Cow guy.

Whoa, hold on a sec, Weevil. Battle Bovine is exactly the same as Combat Cow, which is owned by Marble Comics. In fact, Marble Comics owns the rights to all bovine themed super heroes, and super heroes in general for that matter.

BOSCOE IS LAWYER!  
BOSCOE WANTS TO  
TALK TO COMBAT COW!  
BOSCOE IS YELLING!

That's right, Battle Bovine  
is obviously copying off of  
me. I want royalties paid to  
me!

Your honor, I suggest you  
force Battle Bovine to change  
his name or my client will be  
forced to torch the building.
