**Transgressions:
Part 3**

Evening in Paragon City
And the Bolt is in Trouble...

The Cerulean Bolt
is a murderer...

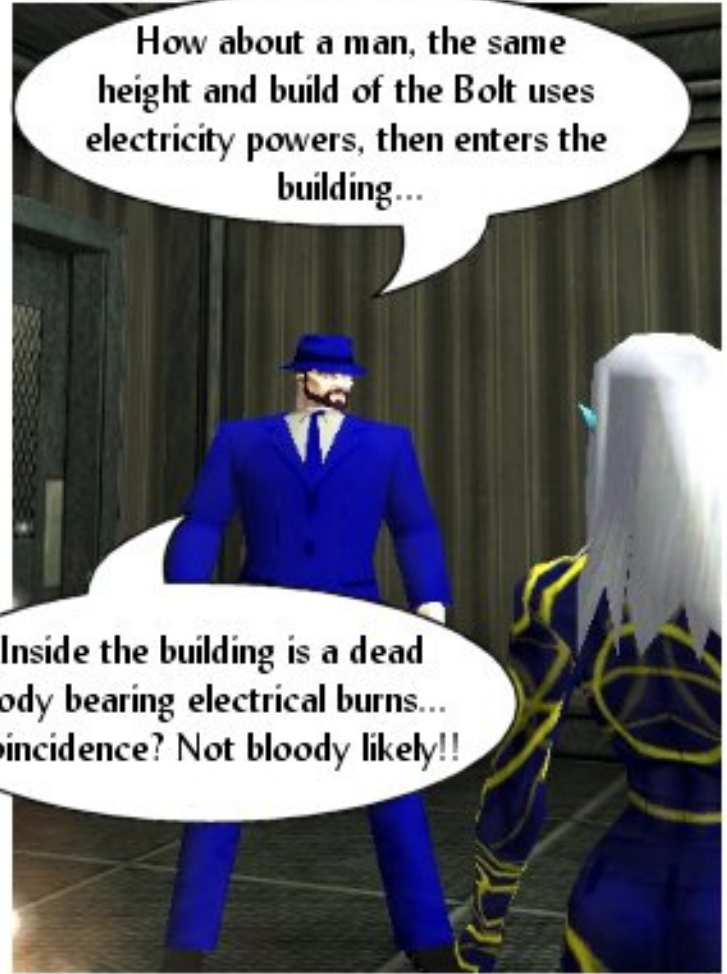

You've gotta be
kidding me!!!

What evidence do
you have?

How about a man, the same
height and build of the Bolt uses
electricity powers, then enters the
building...

Inside the building is a dead
body bearing electrical burns...
Coincidence? Not bloody likely!!

Yes... it looks suspicious... but the Cerulean Bolt would never do something like this.

Why? Because he's a HERO?

Sorry... not good enough! He's a suspect!!

This doesn't make sense

You can't do this!!

Look! The needles are gone that scum got what he needed and killed the dealer! It's plain as day!!

This is nuts!! He's really got it in for the Bolt... Hey... what's this?

Some kinda machine part... looks out of place... maybe it will just fall into my pocket...

one... he's

I guess we don't have any other choice..

Alright then... I'll allow you to help find the Cerulean Bolt.. but you'd better not interfere with this investigation...

Shouldn't be too hard to find him...

I'll be in touch...

Once he takes those drugs he'll lose his powers...

What an ass...

No kidding... So... what do we do?

We hit the streets and try and find the Bolt before the police do.

Repulse... do me a favor...

... Go talk to your contact in the PCPD...
I don't trust this Lt. Shrank... find out what
can about him...

No problem Repulse.

Thanks for meeting
with me Susan.

Normally I wouldn't investigate
another cop for anyone.. but
you've done alot for me. That,
coupled with the fact that I don't
like Shrank makes this easier...

You too huh? What's
His deal anyway?

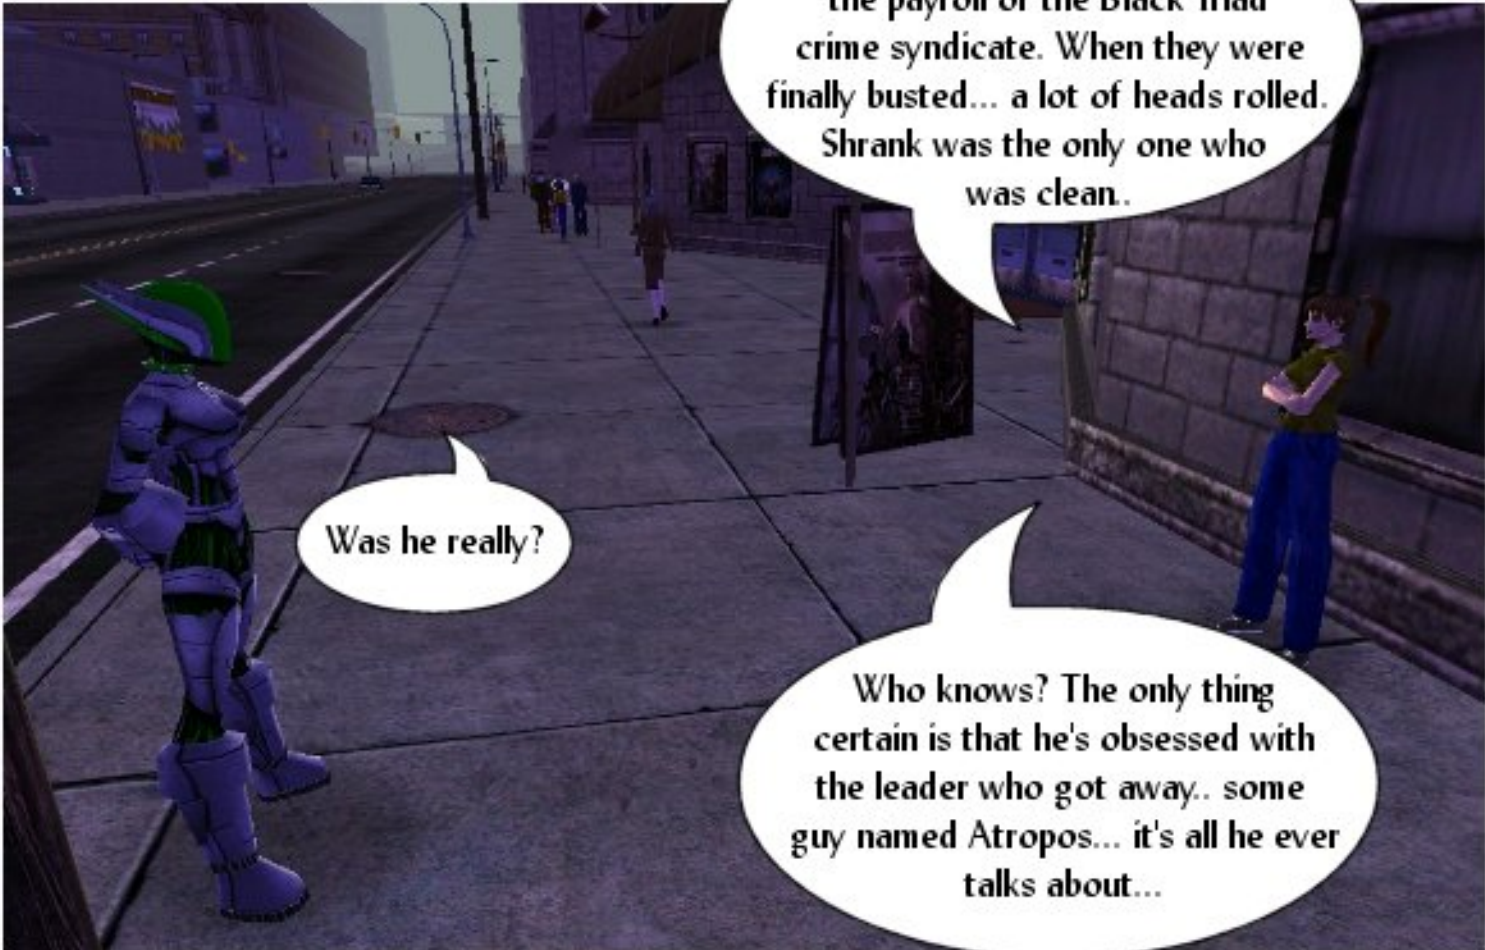

He's pretty new to Paragon. He transferred from Los Angeles. Pretty much keeps to himself.

I guess I'm not surprised considering what happened to him back there...

Oh? What happened?

Apparently his entire unit was on the payroll of the Black Triad crime syndicate. When they were finally busted... a lot of heads rolled. Shrank was the only one who was clean.

Was he really?

Who knows? The only thing certain is that he's obsessed with the leader who got away.. some guy named Atropos... it's all he ever talks about...

.. I wonder how the others are doing?

I found this machine part...
I dont know what it is, but
it seems familiar... Can you
take a look at it?

What? oh... of
course.. let's see
it...

Hmm... you've been
battling Clockwork
I see...

Clockwork?!?!
What do you
mean?

This peice appears
to be Clockwork in
origin.. although it
appears to be
modified...

A Clockwork would
leave electrical burns!!
This could be the
break we need!

How's it
modified?

I'm not certain..
I know someone
who might though...

Give me a few
days and I'll get
back to you.

Something like that...
How you holding up?

After five days as
a fugitive? Fine...

So...

So...

Go ahead and
ask...

Did you do
it?

... No.

To Be Concluded...
